

Save Time *and* Money with Germania's Bank Draft program

Eliminate the hassle of check-writing permanently. Germania is proud to offer its policyholders a more convenient way to pay their premiums through Electronic Funds Transfer (EFT).

With this payment option, your premiums are automatically deducted from your bank account each month. Not convinced? Germania puts you in the drivers seat, allowing you to decide on your own draft date!

It gets better; Installment Fees are waived, providing savings up to \$30 a year!

If you are interested in paying by bank draft, proceed to the Policyholders Only section found at the top of this page and click on "Sign Up For Bank Draft." Your Germania agent can also provide you information on the program and the authorization form.
